

## **ENVIROTEC LAB AND AQUA SERVICES**

### **OUR PROJECTS**

- 💧 *Water Treatment Plant (WTP)*
- 💧 *Packaged Drinking Water and Mineral Water Plant*
- 💧 *Soft Drink and Juice Manufacturing Project*
- 💧 *Sewage Treatment Plant (STP)*
- 💧 *Effluent Treatment Plant (ETP)*
- 💧 *Zero Liquid Discharge (ZLD) System*
- 💧 *Waste Management Project*
- 💧 *Envirotec Water Treatment Products and Lab Products*
- 💧 *Pollution Control Systems*
- 💧 *Technical and Scientific Consultancy Services*

[www.envirotec.in](http://www.envirotec.in)

*Rain Water Filtration System*

*600LPH (Automatic operated membrane filtration and UV disinfection system with SS 304 pipelines)*

*1200LPH (Automatic operated membrane filtration system with pressure sand filter, Activated carbon filter, backwash and rinse water recycle system)*

*2000LPH (Membrane filtration system with Pressure sand filter, Activated carbon filter, Bag filter, Micron filter 1, Micron filter 2 with Membrane cleaning and flushing system)*

*4000LPH (Membrane Filtration System)*

*6000LPH (Fully SS304 automatic Membrane Filtration System with storage tank, post filtration, UV and Ozone generator with oxygen concentrator disinfection system)*

*10000LPH (Membrane filtration system)*

*12000LPH (Fully SS 304 Membrane Filtration System)*

*20000LPH (Fully SS 304 Membrane Filtration System)*

*PET Bottle Rinsing, Filling, Capping, Batch Coding and Web Seal Packing Machine*

600LPH Fully automatic membrane filtration (UPVC Pipeline)

1000LPH (Pressure sand filter, Activated carbon filter, Bag filter, SS Micron filter 1, SS Micron filter 2 with RO system and RO cleaning and flushing system)

2000LPH Fully Automatic Membrane Filtration System

4000LPH (Membrane filtration System with storage tank, Post filtration, UV and Ozone Generator Disinfection System)

6000LPH (Membrane filtration System with storage tank, Post filtration, UV and Ozone Generator Disinfection System)

10000LPH (Fully SS304 membrane filtration system)
